Curriculum Vitae

Tyler is a forensic accountant experienced in disputes and investigations. Tyler has experience in financial analysis and has quantified damages on several cases, and is currently completing his Master's in accounting at George Washington University.

Professional experience

Prior to joining Credibility International, Tyler provided audit and tax advisory services as an intern with Deloitte. While a student, Tyler assisted in the calculation and assessment of accounting support fees at the Public Company Accounting Oversight Board (PCAOB). Representative examples of Tyler's engagement experience at Credibility International include:

Disputes

- Quantified lost profits and projected cash flows for an investment dispute in the Polish gaming industry.
- Assessed damages related to a software services breach of contract case.

Financial Investigations, Fraud & Forensic Accounting

- Investigated transactions of a collapsed hedge fund for embezzlement and fraud.

Education and Certifications

- Bachelor of Accountancy – The George Washington University
